

**INTEROFFICE
MEMORANDUM**

TO: Chris Gilbreath, CDPHE, HM&WM, 692-3371

FROM:  Doug Steffen, E/C/D Project Management, Bldg. T130F, X2164

DATE: June 16, 1997

SUBJECT: Telephone Record: TRU Facility Schedule and 123 PAM Comments

1. Doug Steffen called Chris Gilbreath to let him know that K-H is reconsidering the path forward for the TRU/TRM repackaging facility. Current sentiment in K-H is to move away from using Building 906. Steffen had committed to Gilbreath to submit a scope and schedule for the project by the end of this week (6/20). Steffen requested a delay until the path forward is firmly defined. Gilbreath agreed.
2. Informal comments on the Building 123 PAM were also discussed. Gilbreath has received some comments from within the CDPHE. Steffen and Gilbreath agreed to meet 6/26 at 1:30 pm at T130F to discuss the PAM. Issues that Steffen should consider include:
 - RCRA Unit 40 - the Building 123 project may need to submit an interim status closure plan. 30 day public comment is required. The draft document is issued to CDPHE and CDPHE issues to the public.
 - IHSS 148 - the LRA should approve the SAP. The PAM should set up a compliance schedule for compliance activities that will occur after the PAM.

The status of the HASP, Waste Management Plan and Reconnaissance Level Characterization Plan was discussed. Steffen will submit those documents to Gilbreath prior to the 6/26 meeting to give him a chance to look them over.
